Who Should Attend?

The 42nd Emergency Care and Trauma Symposium is designed to help emergency medical personnel improve their professional performance in the field. This conference will benefit all levels of EMS, emergency nurses, and other allied health professionals.

New This Year

Breakfast Bites: Need extra credit for re-licensure? Attend a breakfast session at 7:00 am on Thursday or Friday to gain credit and learn about the designated topic areas found within the agenda.

Mentor Table: There will be a mentor table near the registration area throughout the conference where you can sit and chat with Med Flight or Emergency Department staff about pertinent issues.

Five Minute Madness: Do you have an idea or question you would like to share with your EMS colleagues? This is the time to do it. At various times throughout the conference there will be a five minute period to do just this. As a participant you can take the stage and present a concept or ask the audience to help you resolve an issue.

Airway Workshops: New Adjuncts, Devices, and Techniques for Routine Airway Management. This workshop will review airway and respiratory management and provide participants with hands on simulation-based training for several new devices and adjuncts. Participants will learn the technique for deployment and insertion of various new and contemporary airway devices and adjuncts on an airway simulator, including but not limited to the King LT, ErgoMask, and LMA. Enrollment is limited. Register early!

Back by Popular Demand

The EMS Olympics will be back on Thursday evening. This event provides an individual or team the opportunity to work together in a controlled simulation. Test your skills against other EMS teams from around Wisconsin in this interesting and instructional activity. Open to all EMS crews, teams will be evaluated on speed and accuracy in a variety of emergency scenarios. It's fun, non-threatening and educational! Dinner and t-shirts are provided. Medals and plaques will be awarded to the winners.

Lunch Discussions. Enjoyed the lunch table discussions last year? Share your expertise during lunch on Friday and apply to serve as a discussion facilitator. You can request the form via email: lkpittz@ocpd.wisc.edu

Credit

Continuing Education Units: The University of Wisconsin-Madison, as a member of the University Continuing Education Association (UCEA), authorizes this program for 2.4 continuing education units (CEUs) or 24 hours.

National Registry of Emergency Medical Technicians: Application will be submitted for up to 24 hours of continuing education credit. Participants should claim only those credits commensurate with the extent of their participation in the activity.

Conference Completion Report
A conference completion report stating the number of educational hours/credits earned will be mailed 4-6 weeks after the symposium.
